*A Musical Tribute to  
“Miss Ella Fitzgerald”*

This show has been performed throughout the tri-state area for audiences of all ages. Due to the timeless nature of Ella’s words and music from the Great American Songbook, this tribute brings a delightful presentation to any venue. If you were fortunate enough to be of the “*greatest generation*”, this show will bring back fond memories.

As with all elegant Cabarets, this performance is presented using live musicians of the highest caliber and sophistication. The stories and antidotes shared will make you laugh or feel a bit sad...*but you’ll enjoy the journey.*

Whether your social event is corporate, or private, this show brings the “*night club*” atmosphere to you, tailor-made to accommodate your group.

For further details, a promotional package is available at [www.paulajohns.com](http://www.paulajohns.com). There you can read all about Paula, here her sing, and *watch* a performance!

We are looking forward to setting up a show for your group or organization!
